Vision

Villa Sandahl's vineyards have the potential to bear such grapes, which vinified by the best equipment and methods available, result in wines with chance to be recognized on the world market, as one of the best dry white wines.

Vineyards

The vineyards are altogether 11 ha, south facing with steep Bazalt soil. Four of the vineyards are planted with Rajnai Rizling and one with Olasz Rizling.

All vineyards are now under heavy renovation, with planting, grafting and installing of new trellis systems.

-2-

Quality

As can be seen from the mission, Villa Sandahl is very concerned about the quality.

Every single link in left chain, bottom to top, do limit the final wine quality level.

Consequently, each of them must be carefully controlled & meticulously managed.

Awards

We are not medal slaves, but it is nice to get a qualified opinion.

Wine style

Rajnai Rizling has naturally higher acidity and ripens slower in the autumn, and seems to be the optimal choice in our excessively hot and dry vineyards.

The wine style is a combination of: Hungarian soil, French wine making and new world richness. That's Villa Sandahl in short !

Current wines

Sandahl Rezidencia

Middle in our vineyard “Genesis” we have a lovely pension, with 10 beds in 4 rooms. Use www.booking.com to reserve a room, and enjoy a wine tasting in a great setting.

A final question

- What are two Swedish families doing in Hungary ?

- A friend of ours found a Hungarian girlfriend who invited us to come ...
- We were lucky to also find vineyards with world class potential.
- We are entrepreneurs, and like things get going and happen.
- We are wine quality freaks and long term driven.
